CLEANING THE RIGHT WAY!

INSPECTION

In connection with your move, we will arrange for an inspection of your room. This means that we check the shape of the room as far as interiors and cleaning are concerned.

Please contact our Customer Service to make an appointment for the inspection, for which we would like you to be present. The cleaning inspection must take place on your departure day.

Note! You can not book inspection the last day of the month. This day is not bookable. You can not stay in the room after the inspection, the key and card must be returned the same day.

YOU CAN SAVE MONEY BY CLEANING THE RIGHT WAY

When you leave your room, please make sure it has been properly cleaned and left in a good shape. All spaces such as balcony, attic, cellar and garage must also be emptied and cleaned out.

If you not clean yourself, please make sure that someone else does it properly for you. If we cannot accept the standard of you cleaning, you will be charged the cost of the cleaning that we have to arrange plus an invoice fee.

KEYS

Please leave all your keys and cards at Uppsalahem's office at Väderkvarnsgatan 17. You can find our opening hours and contact information at www.uppsalahem.se/kundtjanst/
